On the trail of one of the leading architects of the Victorian era.

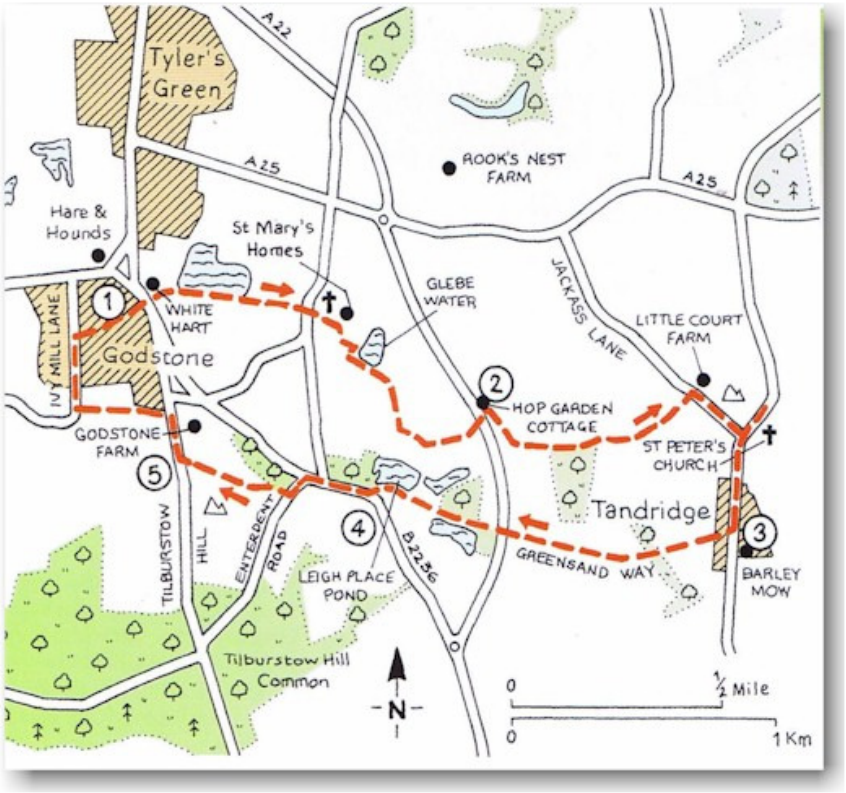

❶ Directly opposite pond in **Godstone**, take public footpath beside **White Hart** pub, signposted towards **church**. Cross Church Lane and follow path through churchyard. Keep **church** on L, and continue along winding path as it passes **Glebe Water** to yellow waymarker post at edge of open field. Turn **R** and drop down beside field to stile, then turn **L** here on to bridleway that leads under busy **A22**.

❷ Just beyond bridge, turn **R** at **Hop Garden Cottage** and follow waymarked bridleway out on to **Jackass Lane**. Turn **R** here, opposite **Little Court Farm**, now converted into private houses. At top of hill, turn **L** for 100yds (91m) to visit **St Peter's Church**. Otherwise turn **R**, and follow Tandridge Lane to public footpath just 30yds (27m) short of **Barley Mow**.

❸ Turn **R** on to waymarked **Greensand Way**, and follow broad, sandy track between open fields to wicket gate beside **A22**. Cross main road on level, and take footpath directly opposite. Beyond small wood, 3-way wooden signpost guides you on to bridleway straight ahead. Jump tiny ford (or use footbridge) and walk up lane past **Leigh Place pond** as far as **B2236**.

❹ Leave **Greensand Way** here, and turn **R**. Follow pavement until just beyond Church Lane, then fork **L** at bus stop, up **Enterdent Road**. After 100yds (91m) turn **R** on to public footpath into woods. The waymarked path climbs, steeply in places, to stile near adventure playground on edge of **Godstone Farm**. Follow waymarked route through farm grounds, to stile just north of car park.

❺ Turn **R** on to **Tilburstow Hill** for 100yds (91m). Just beyond **Godstone Farm** delivery entrance, turn off **L** at wooden footpath signpost. Path runs briefly through farmland on edge of **Godstone** village, then leads out into **Ivy Mill Lane**. Turn **R** for short climb back to village green, then **R** again, back to car park.
